ASSOCIATION

PROPOSED SUBSCRIPTIONS for 2016

The Committee of the British Geotechnical Association has proposed the following changes in subscription rates for 2016. The subscriptions for 2015 are included for comparison. The increase in subscriptions for 2016 represents an increase in the costs of providing Ground Engineering, with the BGA absorbing increases in other costs. The cost of Ground Engineering to BGA still represents a discount compared with the cost to non-members. BGA is also continuing its discussions with Ground Engineering on the possibility of electronic delivery with the consequent saving in postage costs.

	2016		2015	
	UK	Overseas	UK	Overseas
BGA Member (ICE Member)	£66	£87	£65	£85
BGA Member (Non ICE)	£71	£92	£70	£90
Student and Retired	£40	£61	£39	£59
Retired – Life Member**	Free	Free	Free	Free
Corporate	£320	£362	£315	£355

All membership grades to receive Ground Engineering (except **Retired – Life Member) and membership of either the International Society for Soil Mechanics and Geotechnical Engineering or the International Society for Rock Mechanics (except **Retired – Life Member and Corporate). Membership of both societies is available to those receiving membership of a single society for an additional fee of £10.

** Retired – Life Membership is free to members who are over the age of 65 and have been members of the BGA for at least five consecutive years. This membership does not include Ground Engineering or membership of either of the international societies. However, members will receive all information on meetings etc (as normally sent by email).

It should be noted that the ICE still contributes to the running of the BGA by providing discounted costs for lecture space for the evening meetings and Annual BGA Conference, support personnel and use of committee rooms.

Peter Eldred
BGA Honorary Treasurer
